At LG BUILDING we understand the huge investment you are making and we want you to know, your job is an important investment for us too.

Our reputation and brand is an integral part of our business and each project we undertake is a testament to who we are and how we operate.

We guarantee to treat your project as if it is our own home!

COMMUNICATION

Communication is key. Our process begins with a meeting between yourself and me, Leon Gruchy, to discuss your project. I will walk you through how we can **turn your ideas into reality.**

We guarantee to always be transparent and include you every step of the way.

EXPERIENCE & QUALITY

The LG Building crew has **70+ years of carpentry experience**. To guarantee your home is built to the highest quality and standard we partner with trusted, licenced subcontractors who we have worked with for many years and who's standards and values match our own.

ON BUDGET & ON TIME

We are committed to providing an accurate quote for your project and, once the contract is signed, your price is confirmed. We guarantee there will be **no hidden costs**. If variations are made for any reason, we will always discuss them with you and advise additional costs before proceeding. We also guarantee that **we will meet the deadlines** discussed with you at the beginning of the build, providing no unexpected events occur.

24/7 ACCESS

Your project is managed in an online program, allowing you exclusive communication between yourself & your project manager, access to **regular updates, photos, videos and documents.**

It has never been easier to keep track of your job's progress.

MASTER BUILDER GUARANTEE

As a registered and licenced domestic builder, we offer a **6 year guarantee on all structural works.**

In addition, for your complete piece of mind, we also offer a 12 month maintenance period, for any minor adjustments that may be necessary while you settle into your new home.
